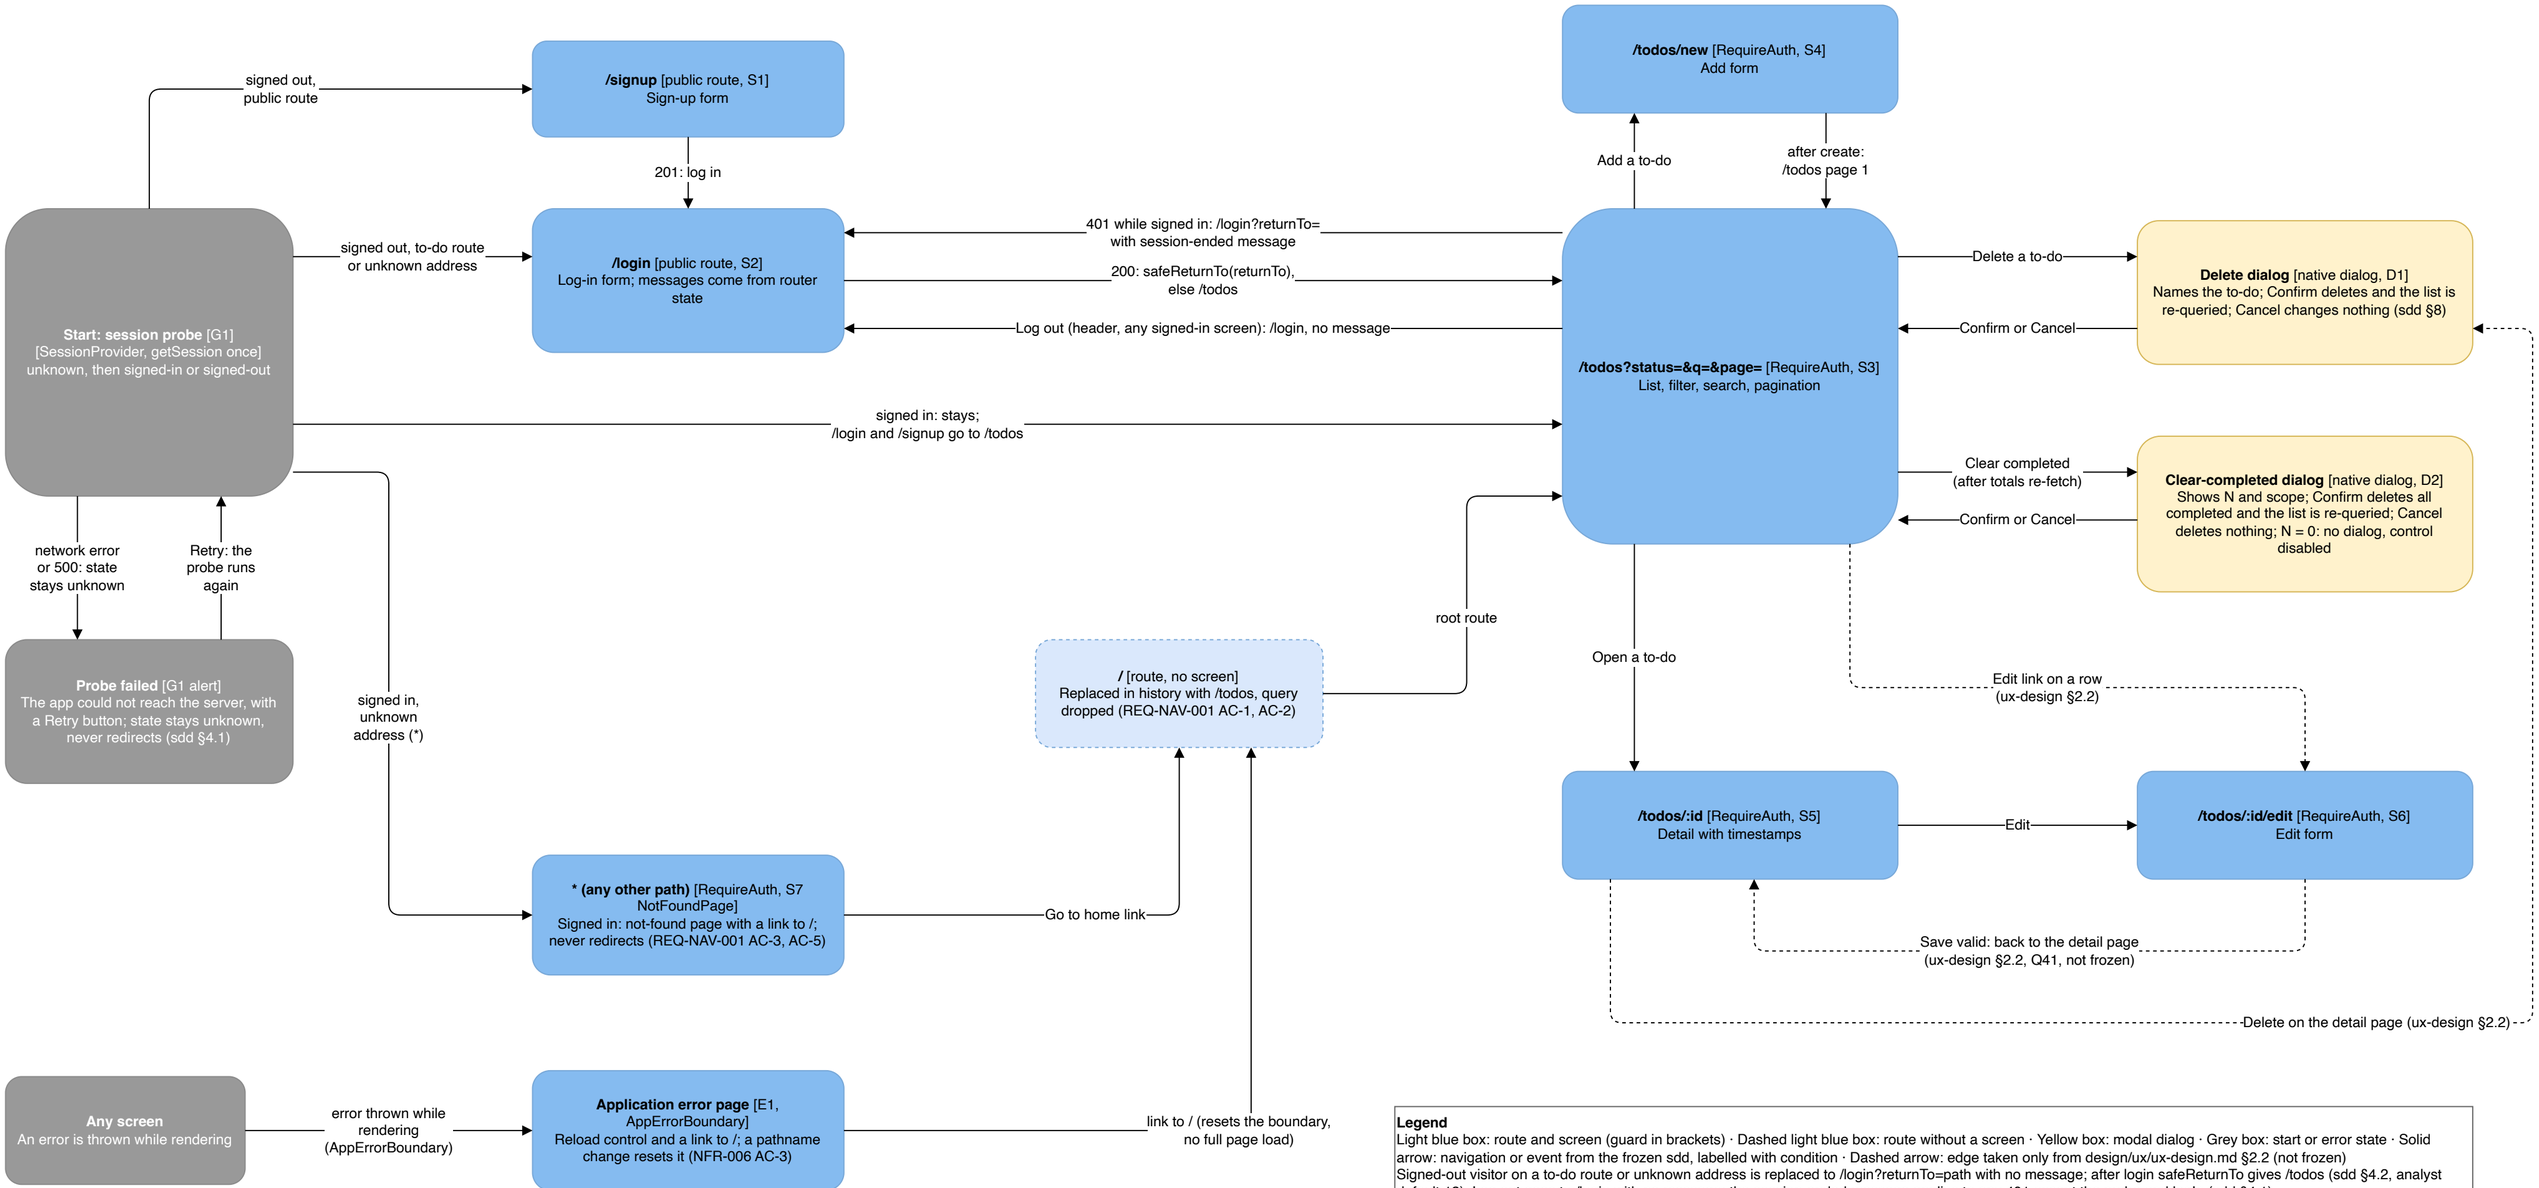
To-do list · SPA route and screen flow
CHG-0001 · frozen spec (supersede-2, approved 2026-11-07) · drawn 2026-11-08
Traces: sdd §4.1, §4.2, §6.1, §8; REQ-AUTH-001, REQ-AUTH-002 AC-1 AC-4, REQ-AUTH-004 AC-2..AC-4, REQ-NAV-001, REQ-TODO-001..007, NFR-006 AC-1 AC-3; screen ids and the dashed edges from design/ux/ux-design.md §2 (not frozen)



Legend
Light blue box: route and screen (guard in brackets) · Dashed light blue box: route without a screen · Yellow box: modal dialog · Grey box: start or error state · Solid arrow: navigation or event from the frozen sdd, labelled with condition · Dashed arrow: edge taken only from design/ux/ux-design.md §2.2 (not frozen)
Signed-out visitor on a to-do route or unknown address is replaced to /login?returnTo=path with no message; after login safeReturnTo gives /todos (sdd §4.2, analyst default 12). Log out goes to /login with no message; the session-ended message applies to any 401 except the probe and logIn (sdd §4.1).
Screen ids S1..S7, D1, D2, E1, G1 are from ux-design.md §2. The sdd does not say where Save on edit navigates or where a delete from the detail page lands (ux-design: /todos, Q40), so those edges are dashed or only described here.
